## Editorial-1

### SPIRALLING FOOD PRICES

Policymakers must guard against inflation to ensure sustainable growth.

#### ➔ What the editorial is all about?

The editorial is about recent surge in prices of mainly tomatoes, Onions, Potatoes and Tur dal.

It analyses in rise of price of these and tells that to policymakers should guard against missing food item prices to ensure sustainable growth

#### ➔ Data of price rise on some essential Kitchen items

Tomato prices has more than doubled on month-on-month basis.

May 29 – 24.37

June 24 – 53.39

Onion prices rise month-on-month basis – 7.5%

Potato prices rise month – on-month basis – 4.5%

Tur dal prices – 130.75 kg (7.8%) june 29 month on month

Just two months ago farmers in rural Maharashtra had to dump large amount of Tomato Just because they were offered very low price on their produce that was mainly because lock of cold storage facility and reasonability

Other risk and way ahead :

E1 Mino effect is a major challenge and this can keep food prices high unless policy makers intervenes.

Govt. need to walk the talk and kap a laser focus on food inflation.
