A touchstone at risk Extra precautions must be in plaxe while carving through mountains

The editorial is about Sikyara tunnel bridge collapse. 41 persons are trapped under this. Its about 2 weeks since workers are trapped.

The tunnel is being constructed as part of CharDham project, to connect Char Dham better, the total length of the project is 900 km of roads via tunnels, passes, culverts, bypasses and bridge. Earlier Supreme Court had given green signal for the project over "national security". But govt didn't consider Environment impact Assessment (EIA). The editorial says that the tunnel collapse should be a reaching for govt and for further projects in Himalayan region, it should be even more cautious.
