Will global forest expansion hit the tribals ?

- A symposium on right of Indigenous people was organized by the University of Arizona on March 21 -22 to put the spotlight on Kunming Montreal Global Biodiversity Framework (GBF) , 2023 . It will hit India's tribal the hardest .

About the Kunming Montreal GBF

- It was adopted in 2022 . It has a global vision of a world living in harmony with nature by 2050 .
- This has four goals and 23 targets .
- Target 3 of the Kunming Montreal GBF aims to " increase terrestrial , Inland water , and of coastal marine areas , especially areas of Particular importance , for biodiversity and ecosystem functions and services' ' to at least 30 % of the world's territorial areas . At present protected areas contain only 16 % .

What are its implications ?

- The goal of GBF can favor corporate houses eyeing forest resources at the expense of indigenous communities living in accordance with Nature .
- About 84 % of India's national parks are inhabited by Indigenous people and meeting the GBF target will threaten their existence .
- Government should take special measures to protect tribals living in forest along with increasing forest cover .
